

New Cobalt Catalyst Oxidation - CCO

The Sanuvox SR Max represents an evolution in UV In-Duct Air Treatment. The high-efficiency patented design destroys airborne bio-chemical contaminants while providing important user information with color changing LED.

Installed into the return or supply plenum, the Sanuvox proprietary process maximizes dwell (contact) time between the air and UV energy. With the ability to treat homes up to 2,000 sq.ft., the Sanuvox SR Max represents the very best in UV Air Purification.

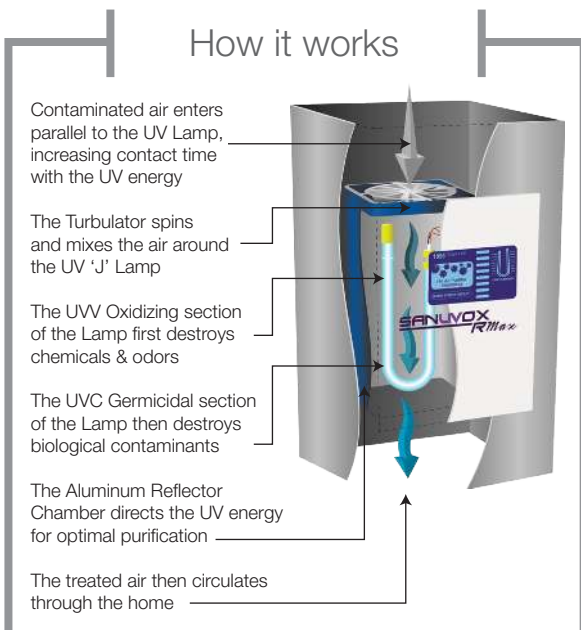

SR Max Benefits

Most advanced purification system available

Designed to destroy viruses, germs, bacteria, mold, chemicals, odors & allergens with the new Cobalt Catalyst that destroys VOCs.

Breathe better, Live better.

Features

Patented process incl. **High-Intensity 19 mm Quartz UVC/UV 'J' Lamp**

UV Chamber rotates 360 degrees for up-flow or down-flow systems

3-year repair warranty for the unit & replacement warranty for the lamp
