

Residential

Rid homes of musty odors!

HRV6-GX

HRV6-GX - UV air purifier for HRV/ERV unit

Eliminate bacteria, viruses and mold that pollute homes with each cycle of recirculation of the HRV/ERV unit. Using the Sanuvov patented process, this unit is designed to fit into the air exchanger and reduce the biocontaminants and odors that circulate in the house.

An affordable solution for those who do not have a central ventilation system.

BENEFITS
