**PRESS RELEASE**  
FOR IMMEDIATE DISTRIBUTION

## **SANUVOX Technologies is pleased to announce the appointment of its new Senior Vice President of Sales North America, Mr. Keith McGlone**

**Montreal, Quebec, Canada — June 13, 2022 —** SANUVOX Technologies Inc. is proud to announce today the appointment of Keith McGlone as Senior Vice President of Sales North America and new member of the management committee, effective June 13, 2022. This appointment will bring SANUVOX to a new level in terms of sales and development. The creation of this new position will also allow the company to develop a more personalized approach with our customers. He will also be responsible for the evolution of sales, development activities with the use of our CRM and the review of all our sales processes.

Prior to joining SANUVOX, Mr. McGlone was Vice President, IPC at Prescientx. He was also VP Sales at Broil King (Onward – US), Vice President – Jamesway (Global) and Anchor/McCain Foods, where he worked for several years building customer relationships and developed innovative solutions to open new strategic markets. He is a passionate and experienced business development specialist.

Keith McGlone

With over 40 years of experience in strategic business development, management, product development, sales and customer relationship, Mr. McGlone will bring a fresh approach to drive SANUVOX's growth. He has a proven track record as a high-performing sales manager with an excellent reputation in various industries.

“With the addition of Keith to our management team, he will bring new ideas for business development. His experience in the use of complex sales networks, his great knowledge in various industries will facilitate the achievement of our objectives over the next few years. He is an important asset and will breathe new life into the entire SANUVOX team.”

— Louis Garceau, President of SANUVOX

## About SANUVOX

SANUVOX Technologies is a world leader in the disinfection of air and surfaces by ultraviolet radiation. The company is proud to contribute to the well-being of its customers and to improve the quality of indoor air to promote a better and safer life in a constantly changing world.
